Note Cook, Riddle, Stinson, Loomis, Gooding, all made alot of purchases but don't have a lot of acreage to show for it. Cooks purchases came in lots mostly without a township or range, but labeled CHI, most of Riddles came in 39N 14E, some labeled CHI. All of Stinsons were in 39N 14E. Loomis had some in 38N 14E in addition to 39N. William Gooding also had alot labeled CHI with no township or range.

3 Purchases Overtime

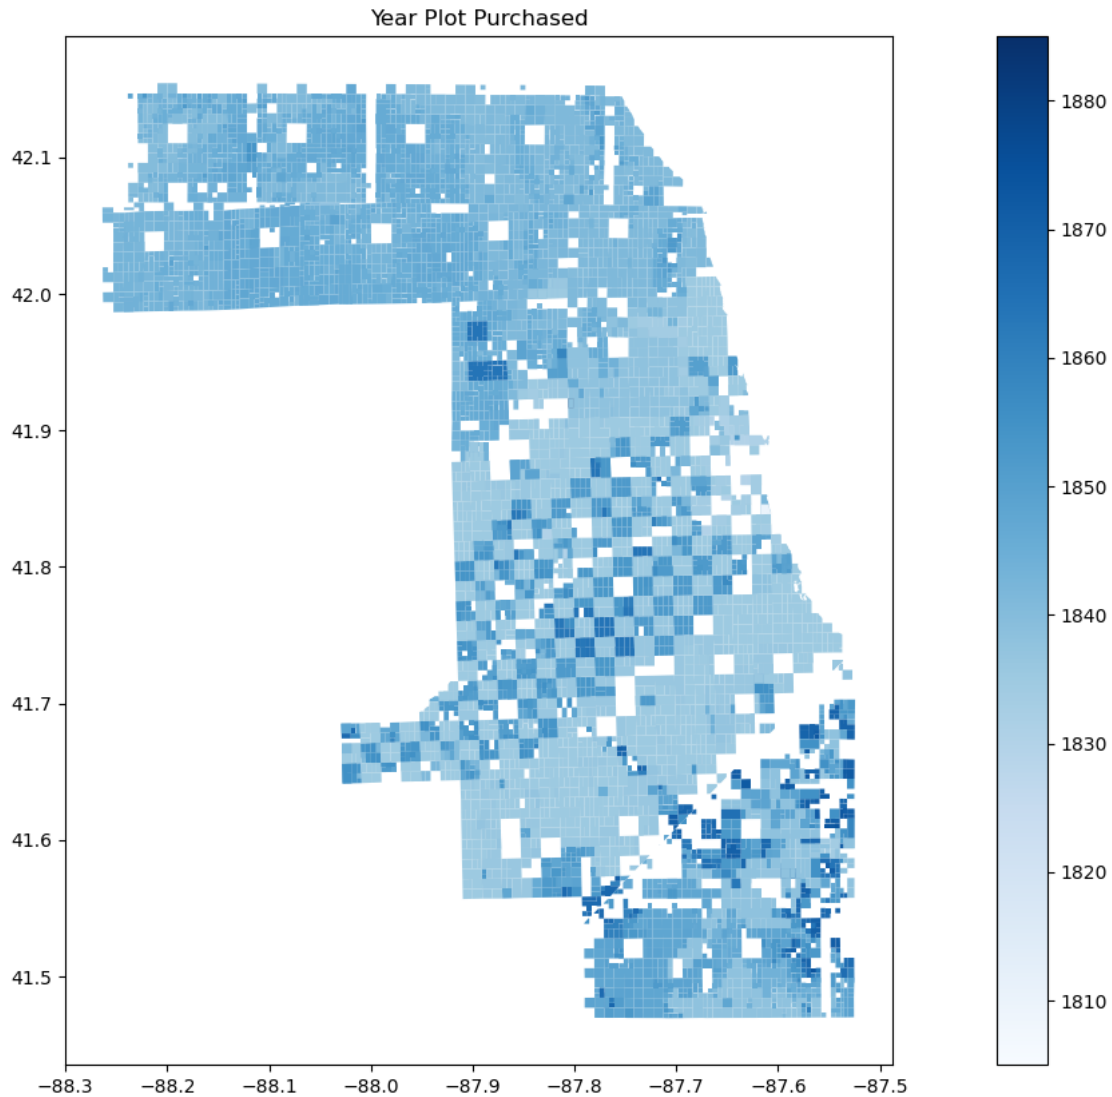

3.1 Purchases by Year

```
<AxesSubplot:title={'center':'Acres Purchased By Year'}, xlabel='Year'>
```

There were spikes in the amount of purchases (perhaps due to when lots were made available) in various years. Most lots were purchsaes between 1830 and 1860.

```

```

Plots tended to be purchased around the same time as adjacent plots, with plots closer to the city being purchased earlier
